## Note to Teacher

This book has been prepared for pre-primary children. The book is perforated so you can tear out each sheet, complete it in class, and send it home with the child. Each page includes directions for completing the activities on that page. Encourage the child to share his paper with his parents and other family members. The parents' letter is on page 3. Send it home with the child on the first Sunday of the quarter or deliver it personally before the quarter begins. The back of the letter contains unit overviews and a list of memory verses for the quarter.

As you prepare for the quarter, take apart the student books and cut around the stickers for each lesson. Put all the lesson 1 handwork sheets and stickers in an envelope or folder; put all lesson 2 handwork sheets and stickers in another envelope; continue for the 13 lessons. This will save time during the week.

If a child is absent, make sure he receives his handwork sheet, stickers, and the *Strong Kids at Home* take-home paper. This will help him review the Bible lesson he missed.

## Using the Handwork Sheet

This resource will help you review the Bible lesson and memory verse with your students. As the children are working on their handwork sheets, talk about the Bible story or its application. Help each child write his name on his paper.

# Winter Quarter 2018–19

## **T**hank you for bringing your child to Sunday School.

Our goal is to teach important Biblical truths about God, God's Word, and God's Son. We want to partner with you to help your child become strong in his knowledge of Scripture and develop an unshakable love for the Lord.

### **Trusting God**

This quarter's theme is trusting God to give direction for all areas of life. In the first unit, students will learn why they can trust in Jesus as the Savior for their salvation. As they rejoice in His birth, they will also learn why He is worthy of our praise, our worship, and our service.

Unit 2 shows what happens when we don't trust God's plan for our lives. Jacob trusts Rebekah's plan to deceive his father instead of waiting for God to reveal His plan. Jacob must leave home and flee for his life. Through God's Word, students are assured that God is always with us and wants to help us learn and do His will.

The five lessons of unit 3 are devoted to a study of Joseph. Students learn that even when things are bad, God is still good. Students study how to serve God in a hard situation, how to trust God's plan, and how to forgive others by following God's example and the story of Joseph.

### **Growing Strong**

The lessons in this quarter were chosen to help children become spiritually stronger in these areas: Bible doctrine, salvation, godliness, life skills, service, and Biblical ethics. One of the ways we draw attention to these goals is through learning Scripture. The back of this sheet contains a list of memory verses that coordinate with the lessons. Help your child learn the verse for each week. Three of the verses will be studied for two weeks each: Matthew 1:21, Luke 2:11, 1 John 5:14. Take advantage of this emphasis by making sure your child knows what the verse means as well as what it says.

If you do not regularly attend church with your child, we invite you to come and worship the Son of God during this holiday season and through the year. The pastor or a staff member is always available to answer your questions or talk with you about your spiritual needs.

Sincerely,

---

# Quarter Overview

## Trust God for Salvation Weeks 1—5

Making the transition of thinking about Jesus as God's Son ruling in Heaven to celebrating baby Jesus as God's Son born on earth is a difficult concept to understand, even for adults. In this unit, pre-primary children will learn Who Jesus is and why He is worthy to be our Savior. This is a part of learning the doctrine of salvation and by faith accepting it. Mary and Joseph accepted it. Shepherds and foreign wise men accepted it. Pre-schoolers can understand and accept it too.

## Trust God for Direction Weeks 6—8

Pre-school and kindergarten children understand lying and cheating and the consequences. In this unit, children will learn about Bible people who trusted God to help them make good decisions and those who did not. Students will learn that God wants them to be honest in all they do and put God's will above their own desires. They will learn that God answers prayer and promises to never leave us, even when we make mistakes.

## Trust God for Protection Weeks 9—13

These lessons all focus on Joseph and his relationship with God amid family abuse, serving the ungodly, and imprisonment as God prepares him to become the second most powerful leader in Egypt. Themes will emphasize God's plan, God's goodness, how to serve God in hard places, and forgiving others as God forgives us.
