

NAME _____

BUILDING FAITH IN GOD'S WORD

Genesis 1:1–31; Hebrews 11:3
(Creation)

Memory Verse

"FAITH IS THE SUBSTANCE OF THINGS HOPED FOR, THE EVIDENCE OF THINGS NOT SEEN" (HEBREWS 11:1).

Dinosaur Truth Tracks

Where do we go to find truth? People suggest many answers. But only one place will give you the answers you really need. Match the dinosaur tracks below with the dinosaurs to discover where we go for the truth about God and His plans. Count the number of letters into the dinosaur's name and write the letter on the blank above its track.

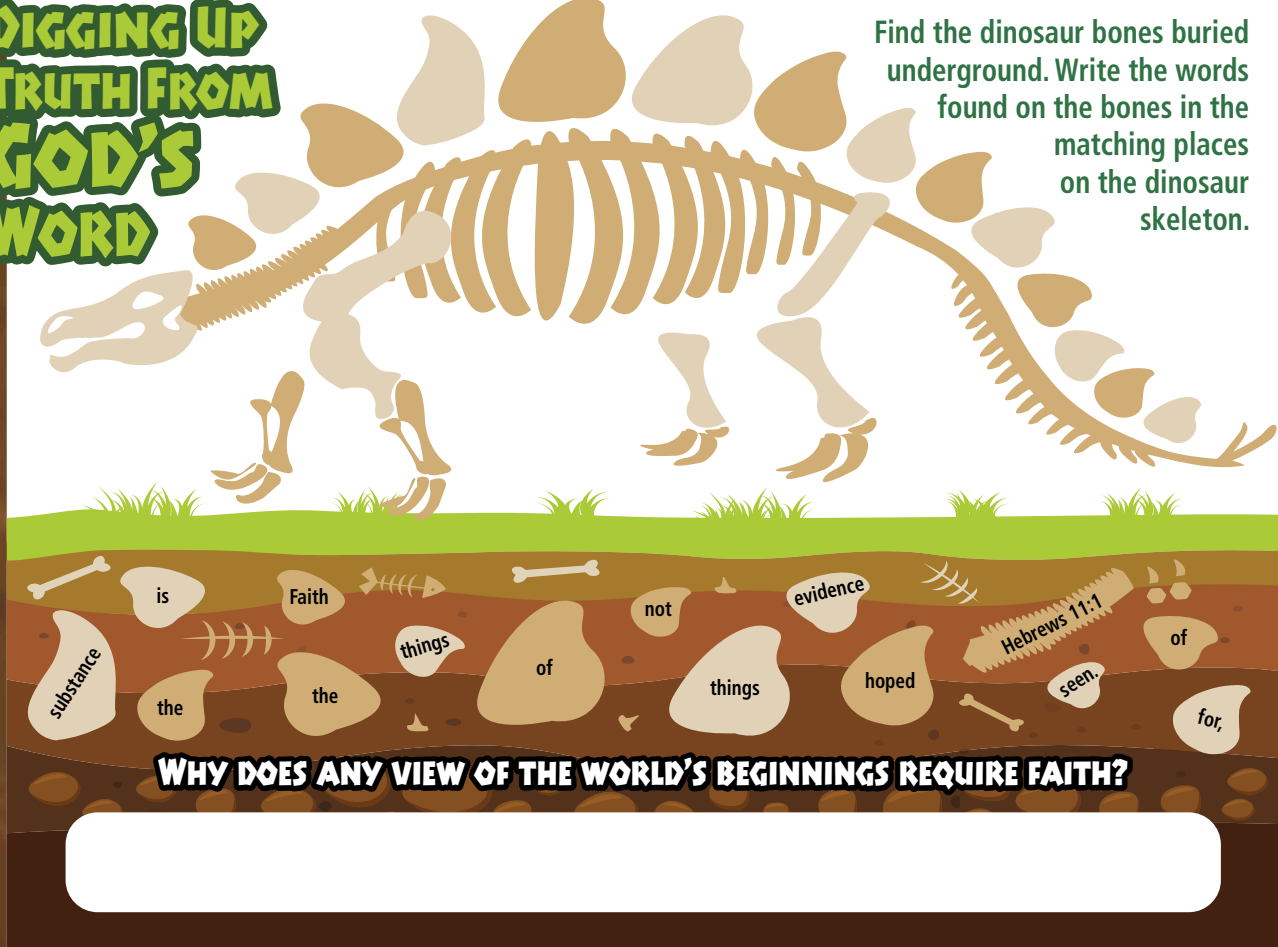

Dinosaur tracks show us where dinosaurs walked. God's Word, the Bible, shows us where to "walk"—how to believe and how to make right choices.

You can have big faith in God's Word!

DIGGING UP TRUTH FROM GOD'S WORD

Find the dinosaur bones buried underground. Write the words found on the bones in the matching places on the dinosaur skeleton.

WHY DOES ANY VIEW OF THE WORLD'S BEGINNINGS REQUIRE FAITH?

DESIGNED

We can't see air, but we know it's real because we see its effects. Air fills a balloon, and wind blows your hair. A way to know that God is real is to look around and see the incredible design in the universe. It had a Creator.

Look around at nature outside. List or draw some things you see that show evidence of design.

When engineers design an airplane, they plan it carefully. An airplane isn't built by chance. Many creatures, including humans, are far more complex than an airplane. They contain many parts that must all work correctly. The Creator designed them! They did not evolve by chance.

Draw yourself with a pet or another favorite animal.

The wonderful Creator, God, also gave us His Word. The Bible is the best-selling book in history. Its message is consistent, even though God guided over 40 human writers across 1,500 years. Archaeology has confirmed the Bible's truth again and again. Only God's Word could have that kind of impact.

List another fact you know about the Bible.

Digging Up Truth from God's Powerful Word: "Faith is the substance of things hoped for, the evidence of things not seen." Hebrews 11:1
 Why does any view of the world's beginnings require faith?
 Because no scientist was alive to prove either creation or evolution. But we can trust Someone who was there—God. He recorded what happened in the Bible.
